# BASTROP COUNTY AUDITOR'S OFFICE

804 PECAN STREET, BASTROP, TEXAS 78602 • TEL: (512)332-7222 • FAX: (512)332-7272

March 27, 2023

Honorable District Judges of Bastrop County and  
Honorable Members of the Bastrop County Commissioners Court

The County Auditor's office proudly presents the Annual Comprehensive Financial Report (ACFR) of Bastrop County, Texas for the fiscal year ended September 30, 2022. This report is submitted in compliance with Section 114.025 of the *Texas Local Government Code*.

This report consists of management's representations concerning the finances of Bastrop County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, the County has established a comprehensive internal control framework that is designed both to protect county assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the basic financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the basic financial statements will be free from material misstatement. Responsibility for internal controls is shared by the Commissioners Court, which is the governing body of the County, the County Auditor and the County Treasurer. We believe that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. We assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Bastrop County's basic financial statements have been audited by Pattillo, Brown and Hill, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the County, for the fiscal year ended September 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used; and evaluating the overall financial statement presentation. The independent auditors' report is presented as the first component of this report. Bastrop County is subject to report a Single Audit in this fiscal year. A Single Audit is designed to meet the special needs of federal grantor agencies. Generally accepted accounting principles require a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A).

## PROFILE OF BASTROP COUNTY

Established in 1832 as part of Stephen F. Austin's "Little Colony", Bastrop is the second oldest incorporated city in Texas and is also the county seat of Bastrop County. The town is at the junction of State Highways 71, 21 and 95. The surrounding counties include Travis, Lee, Fayette, Williamson and Caldwell. Bastrop has ready access to the cultural and educational opportunities offered in nearby state capital Austin, as well as vocational

experiences that come from our picturesque setting along the Colorado River in the piney woods. Our central location puts Bastrop within a short drive of major colleges and universities and provides easy access to large commercial and labor markets. The County encompasses an area of 896 square miles. According to recent estimates by the United States Census Bureau, the estimated population for the County was 102,058 in 2021.

The County is a public corporation and a political subdivision of the State of Texas. The Commissioners Court, which is composed of four Commissioners and the County Judge, is the general governing body of the County in accordance with Article 5 Paragraph 18 of the Texas Constitution. Commissioners serve four-year staggered terms; two members elected every two years. The County Judge is elected at large to serve a four-year term. The Commissioners Court sets the tax rate, approves contracts for the County and develops and adopts the County budget. The Commissioners Court is also responsible for developing policies and orders, approving financial commitments and appointing various Department Heads. The management and leadership provided by members of the Commissioners Court and the elected and appointed officials of other key County offices is crucial to the success of the County in financial management and growth.

The County Auditor has responsibilities for prescribing the systems and procedures for handling the finances of the County and examining, auditing and approving all disbursements from County funds prior to their submission to the Commissioners Court for approval. The County Auditor is appointed by the council of District Judges.

The County provides many services not ordinarily provided by any other entity of government and provides additional services in cooperation with other local government units. The County provides the following services as authorized by the statutes of the State of Texas: general government (e.g., tax collection), judicial (e.g., courts, juries, district attorney, etc.), public safety (e.g., sheriff, jail, etc.), roads and highways, voting operations, recording functions relating to property and vital statistics and health and welfare (e.g., assistance to indigents).

The annual budget serves as the foundation for the County's planning and control. Budget hearings are posted accordingly with the final budget approved by the Commissioners Court in September for all funds. Unencumbered appropriations lapse at fiscal year-end. Appropriated budgets are prepared by fund, function, department and category. Capital expenditures are approved on a line item basis. Budget to actual comparisons are provided in this report for each individual government fund for which an appropriated annual budget has been approved and adopted through Commissioners Court. All budgets are adopted at the legal level of budgetary control, which is the department level within each fund. The County prepares and distributes to the departments and the governing body financial reports comparing outstanding encumbrances and expenditures with budgeted amounts for review biweekly. All expenditures are audited and approved prior to payment. Operating deficits can and do occur, but they are not tolerated as extended trends.

## **FACTORS AFFECTING FINANCIAL CONDITION**

An understanding of the financial condition of Bastrop County is enhanced through a perspective of the environment in which the County operates. There were no financial policies that had a significant impact on the current period's financial statement.

**Local Economy** – Within the past few years, substantial growth has continued in Bastrop County. Its population has increased by 31 percent over the last decade, according to data released by the Census Bureau. Bastrop County has earned its place on the top 10 list of the fastest growing local economies. New housing and commercial development is a reality, while preservation of our historical areas and environment is top priority.

During 2022, Bastrop County continued to experience growth in retail and commercial developments as well as residential. Bastrop County has seen the City of Bastrop, the City of Elgin, the City of Smithville and the Cedar

Creek area continue to grow with additional phases of existing housing developments in addition to the groundbreaking of several new developments. Bastrop County's sales tax allocation continues to grow with the opening of new department stores, restaurants, and businesses.

**Long-term Financial Planning** – The Commissioners Court continues to be active in economic development to ensure and promote continued growth throughout the County. Bastrop County has a Capital Improvement Plan that has been approved in Commissioners Court. This plan is updated regularly. It is a five-year plan consisting of multiple projects. The projects include road construction, heavy equipment, communication/technology upgrades, buildings and land. The long-term effect of the current economic growth and development will be to provide sufficient resources to fund County operations while mitigating the overall tax burden on county taxpayers.

**Initiatives** – Bastrop County has received several grant opportunities in reference to disaster recovery & mitigation. Funds from multiple sources including Housing and Urban Development (HUD) through the General Land Office (GLO), Texas Department of Agriculture and other sources have been utilized in the recovery and resiliency efforts for Bastrop County. These efforts are seen throughout the County with upgraded bridges built to withstand future disasters and the construction of an ingress/egress road that provides residents in an isolated area of the County an alternate route in times of disaster.

## **AWARDS AND ACKNOWLEDGEMENTS**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Bastrop County for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2021. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This was the eleventh consecutive year that the government has achieved this prestigious award. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

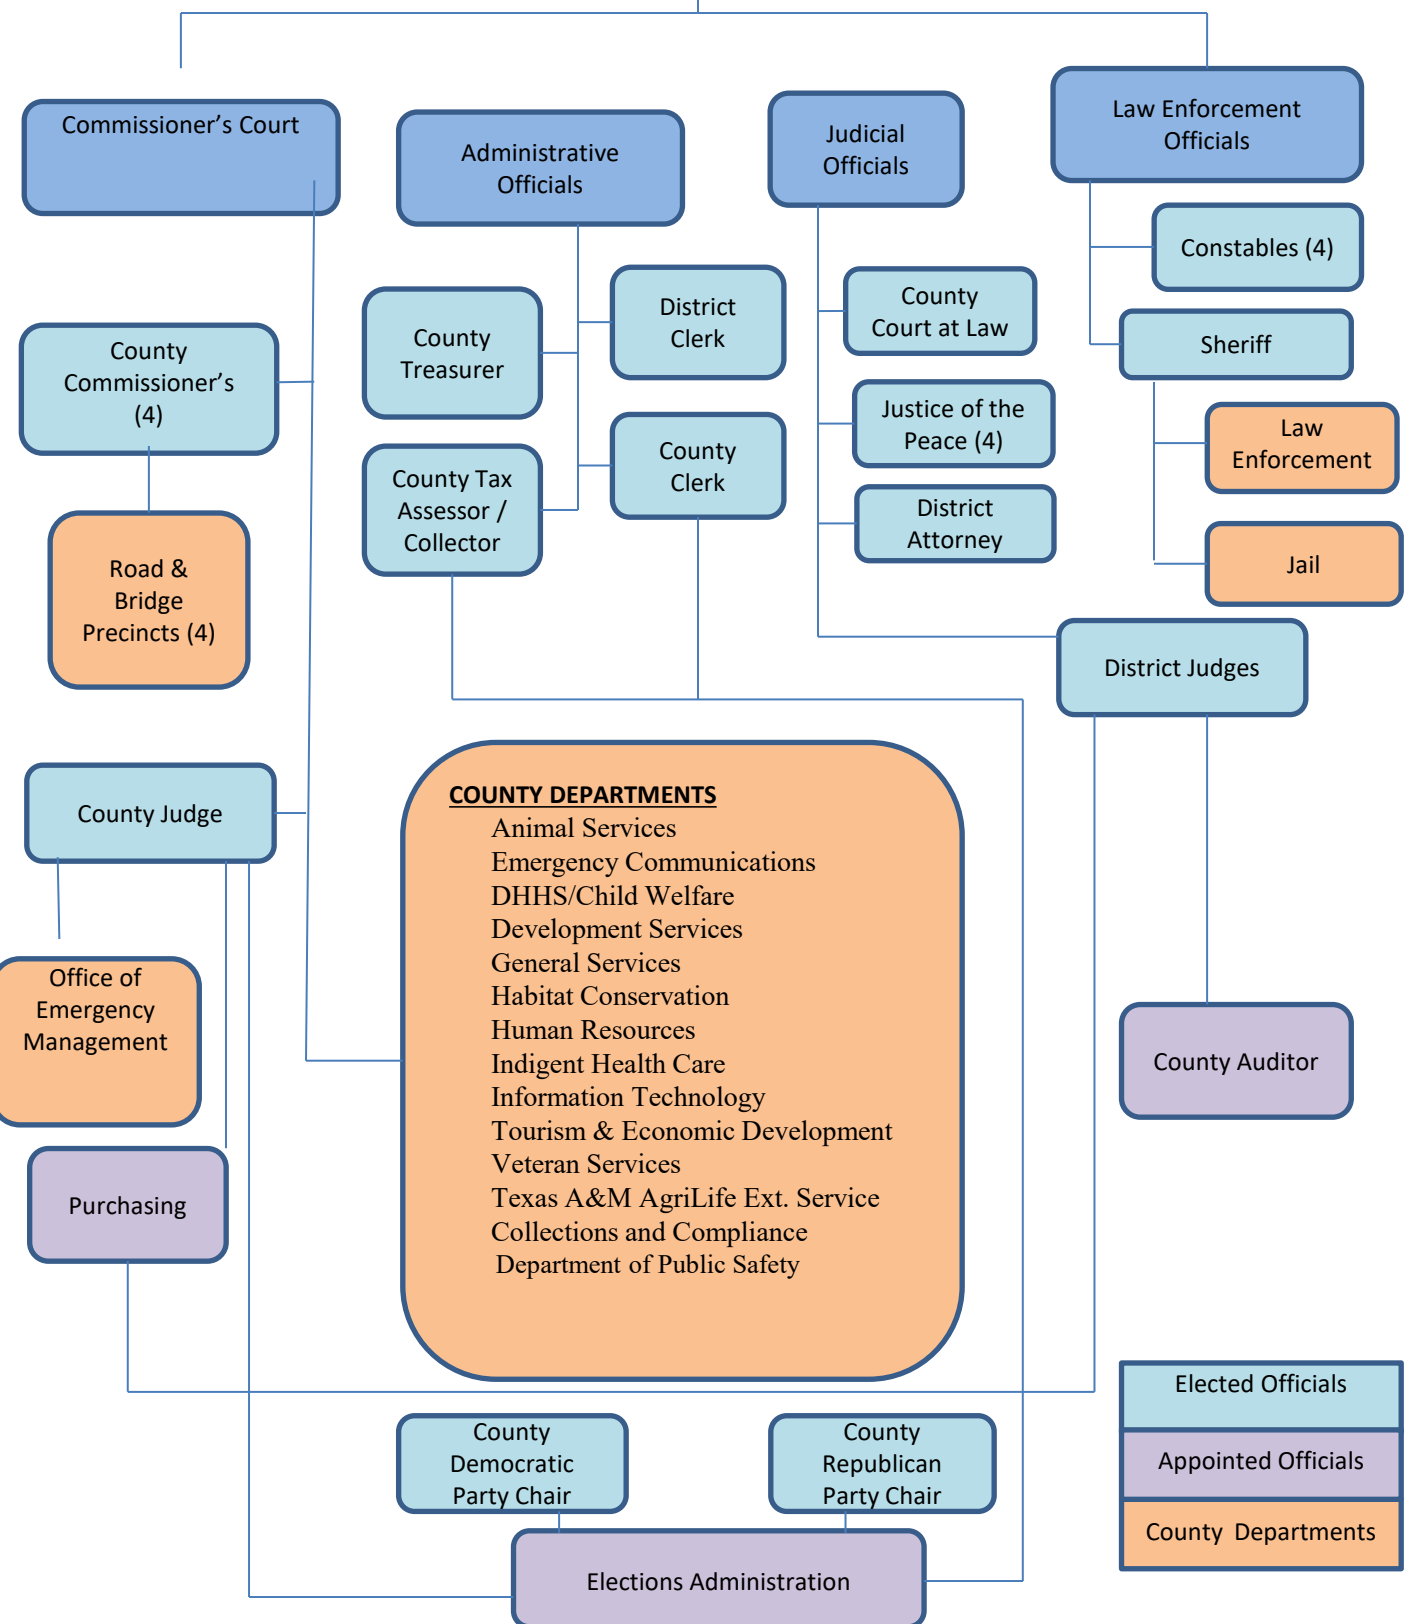

I would like to express my appreciation to the staff of the County Auditor's Office for their continuing diligence and dedication to the ever-changing responsibilities of the office. In addition to my office staff, I would also like to thank the rest of the financial team of Bastrop County; the County Treasurer's Office, the Purchasing Agent's Department, and Human Resources. I would also like to thank the District Judges and the Commissioners Court of Bastrop County for their continued support during the past year.

Sincerely,

Jennifer Pacheco  
County Auditor

## INDEPENDENT AUDITOR'S REPORT

Honorable County Judge and  
Commissioners of Bastrop County  
Bastrop County, Texas

### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bastrop County, Texas (the "County"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement due date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual comprehensive financial report (ACFR). The other information comprises the introductory section and statistical section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2023, on our consideration of Bastrop County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bastrop County, Texas' internal control over financial reporting and compliance.

*Pattillo, Brown & Hill, L.L.P.*

Waco, Texas  
March 27, 2023

**MANAGEMENT'S  
DISCUSSION AND ANALYSIS**

**THIS PAGE LEFT BLANK INTENTIONALLY**

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Bastrop County, Texas (the "County"), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2022. We encourage readers to consider the information in conjunction with additional information that we have furnished in our letter of transmittal.

### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the County exceeded its liabilities and deferred inflows at the close of the fiscal year ended September 30, 2022, by \$44,248,520 (net position). Of this amount, \$559,324 is reported as unrestricted net position, \$15,144,440 is restricted for specific purposes (restricted net position) and \$28,544,756 represents net investment in capital assets.
- The County's total net position increased by \$7,908,184 from current operations. This increase is primarily due to the County's net pension liability converting to a net pension asset.
- For the first time in five years the County reported a positive unrestricted net position. This category became negative for the first time in the year the County was required to recognize all its total other post-employment benefit liabilities in accordance with accounting standards. The County's net pension liability converted to a net pension asset during the current year, which combined with other positive items to reflect a total increase of \$7,541,432.
- The County's governmental funds reported combined ending fund balances of \$56,431,047, an increase of \$3,138,365 in comparison to the previous year.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. The statement of net position presents information on all the County's assets, deferred inflows/outflows of resources and liabilities, with the difference between the items reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected property taxes and earned but unused vacation leave). The governmental activities of the County include general government, public safety, health, sanitation, welfare, road and bridge, culture and recreation and conservation and development.

**Fund financial statements.** A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

*Governmental funds.* Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 27 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Funds, American Rescue Plan Grant Fund, and Certificates of Obligation 2021 Fund, these funds are major funds. Data from the other 23 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

*Fiduciary funds.* Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs.

**Notes to the financial statements.** The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide statements and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the changes in pension and other post-employment benefits liabilities and related ratios, and the County's pension contributions. The County adopts an annual appropriated budget for its General Fund and Road and Bridge Funds. A budgetary comparison schedule has been provided for the General Fund and Road and Bridge Funds to demonstrate compliance with the budget.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows exceeded liabilities and deferred inflows by \$44,248,520 at the close of the most recent fiscal year.

By far, the largest portion of the County's net position (64.5%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position (34.2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position is unrestricted net position of \$559,324. Unrestricted net position is no longer a deficit due in part to the County's net pension liability converting to a net pension asset.

At the end of the current fiscal year, the County can report positive balances in net investment in capital assets and restrictions net position. The County was able to report positive balances in these two categories of net position for the prior fiscal year as well.

There was an increase of \$951,969 in restricted net position. This increase is primarily related to an increase in additional courts fees assessed for restricted purposes. Unrestricted net position for the governmental activities was increased primarily due to a decrease in the total pension liability.

**BASTROP COUNTY'S NET POSITION**

	Governmental Activities		Change
	2022	2021	
Current and other assets	\$ 89,198,943	\$ 70,422,841	\$ 18,776,102
Capital assets	65,157,769	66,102,988	( 945,219)
Total assets	<u>154,356,712</u>	<u>136,525,829</u>	<u>17,830,883</u>
Deferred outflows of resources	14,750,011	17,210,298	( 2,460,287)
Other liabilities	20,418,285	13,224,657	7,193,628
Long-term liabilities	82,153,066	92,915,684	( 10,762,618)
Total liabilities	<u>102,571,351</u>	<u>106,140,341</u>	<u>( 3,568,990)</u>
Deferred inflows of resources	22,286,852	11,255,450	11,031,402
Net position:			
Net investment			
in capital assets	28,544,756	29,129,973	( 585,217)
Restricted	15,144,440	14,192,471	951,969
Unrestricted	559,324	( 6,982,108)	7,541,432
Total net position	<u>\$ 44,248,520</u>	<u>\$ 36,340,336</u>	<u>\$ 7,908,184</u>

The County's net position increased by \$7,908,184 from operations during the current fiscal year. This increase is primarily related to an increase in tax revenue, as well as a reduction in pension expenses.

Governmental activities increased the County's net position by \$7,908,184. The key elements of this increase included the items mentioned above. Additional operating expenses occurred in the current and were funded with operating grants. These additional expenses incurred primarily because of the COVID-19 pandemic, and debris removal related to flooding in previous years.

**BASTROP COUNTY, TEXAS' CHANGES IN NET POSITION**

	Governmental Activities		Change
	2022	2021	
Revenues:			
Program revenues:			
Charges for services	\$ 14,325,767	\$ 13,957,858	\$ 367,909

**FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS**

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Governmental Funds.* The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financial requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year the County's governmental funds reported a combined fund balance of \$56,431,047, an increase of \$3,138,365 in comparison with the prior year. Approximately 48.0% or \$27,109,211 constitutes unassigned fund balance, which is available for spending at the County's discretion. Approximately, \$6.0 million is committed for disaster recovery. The remainder of fund balance is either non-spendable or restricted to indicate that it is not available for new spending because it has already been committed or restricted for a specific purpose.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$27,910,370, while total fund balance reached \$31,787,288. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 56.9% of total General Fund expenditures, while total fund balance represents 64.8% of that same amount.

The fund balance of the County's General Fund increased by \$6,609,604 during the current year. This increase is primarily related to an increase in tax revenue.

The Road and Bridge Funds have a total fund balance of \$5,544,424, all of which is restricted for road and bridge. The net increase in fund balance during the current year in the Road and Bridge Funds was \$155,666. Revenues in the Road and Bridge Funds decreased by \$866,337 from the prior year and expenditures decreased \$672,822. There were expenditures related to recovery of disasters that were incurred in the prior year and disaster recovery revenue, thus road and bridge revenue and expenditures decreased in the current year. Additionally, contributing to the increase in fund balance in the current year, due to the County not paying for its portion of the expenditures for disaster and recovery in the current year.

The American Rescue Plan (ARP) Grant Fund was established to capture the revenue and expenditures of the ARP funding. At the end of the fiscal year fund balance was zero. Approximately, \$16.3 million was reported as unearned revenue at yearend and will be expended on allowable projects in future periods.

The Certificates of Obligation 2021 fund is to account for bond proceeds and the expenditures of certain projects. Fund balance of the fund increased as a result of the Certificate of Obligation issuance in the current year. Fund balance at the end of the year was approximately \$5.1 million.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

Differences between the original budget and the final amended budget of the General Fund resulted in an increase of the budgeted expenditures by \$0.

During the year, actual revenues were more than budgetary estimates by \$4,529,926. This increase is primarily related to the global pandemic in the prior year which resulted in collections of fees growing substantially in the current year. Actual expenditures were less than budgetary estimates by \$2,300,301. This can be attributed to unused budgeted salaries and conservative budgeting by Bastrop County's department heads. The net effect of over-realization of revenue and under-utilization of appropriations resulted in a positive variance of \$6,830,227.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital assets.** At the end of the current fiscal year, the County had \$65,157,769 (net of accumulated depreciation) invested in a broad range of capital assets, including land, infrastructure, buildings, and machinery and equipment. The total decrease in the County's capital assets for the current fiscal year was (\$945,219).

Major capital asset events during the current fiscal year included the following:

- Land was purchased in the current year in the amount of \$1,073,555.
- Various vehicles and equipment were purchased in the current year in the amount of \$2,305,455.

## BASTROP COUNTY'S CAPITAL ASSETS

	Governmental Activities		Change
	2022	2021	
Land	\$ 7,198,727	\$ 6,353,292	\$ 845,435
Infrastructure	50,208,688	50,208,688	-
Buildings and improvements	52,441,304	52,441,304	-
Machinery and equipment	29,666,683	27,486,041	2,180,642

	140,537,077	136,642,555	3,894,522
Less accumulated depreciation	<u>( 75,379,308)</u>	<u>( 70,539,567)</u>	<u>( 4,839,741)</u>
Total capital assets, net	<u>\$ 65,157,769</u>	<u>\$ 66,102,988</u>	<u>\$ ( 945,219)</u>

More detailed information about the County's capital assets can be found in the notes to the financial statements on page 28.

### Long-term Debt

At year-end, the County had outstanding bonds, compensated absences payable, net pension liability and total OPEB liabilities of \$74,436,246, a net decrease of -\$18,479,438, or -20%. The key factors in the decrease is the County's net pension liability converting to a net pension asset due to an increase in plan fiduciary net position during the most recent measurement year.

## BASTROP COUNTY'S LONG-TERM DEBT AT YEAR-END

	Governmental Activities		Change
	2022	2021	
Bonds payable	\$ 42,274,000	\$ 46,261,000	\$( 3,987,000)
Bonds issuance premium	1,951,827	2,165,945	( 214,118)
Capital lease	357,206	47,775	309,431
Compensated absences	865,480	818,888	46,592
Total OPEB liability	36,704,553	34,517,373	2,187,180
Net pension liability/(asset)	<u>( 7,716,820)</u>	<u>9,104,703</u>	<u>( 16,821,523)</u>
Total long-term debt	<u>\$ 74,436,246</u>	<u>\$ 92,915,684</u>	<u>\$( 18,479,438)</u>

More detailed information about the County's long-term liabilities can be found in the notes to the financial statements on pages 29 - 30.

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Commissioners Court adopted the County's budget for the fiscal year ending September 30, 2023, on August 22, 2022. The budget was adopted based on estimated balances that would be available at the end of fiscal year 2022 and estimated revenues to be received in fiscal year 2023. During the current fiscal year, unassigned fund balance in the General Fund increased to 27,910,370. For the County's General Fund, the 2023 budget did not utilize resources from these funds.

The 2022 property tax rate was \$0.4046/\$100 valuation. As a result of a 37.44% increase in assessed value, the County expects tax revenue collected during 2023 to increase 8.29% over collections for fiscal year 2022. Additionally, the County's budget anticipates all other sources of revenue will remain at approximately the same levels as fiscal year 2022.

The County currently has \$16,318,230 of unearned revenue from the United States Department of Treasury for the American Rescue Plan to use for the purpose of supporting Counties to help with economic disruptions resulting from COVID. All funds must be spent by December 31, 2026.

### REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional information, contact the Bastrop County Auditor, Attention: Jennifer Pacheco, 804 Pecan, Bastrop, Texas, 78602.

# BASTROP COUNTY, TEXAS

## NOTES TO BASIC FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the County reflected in the accompanying financial statements conform to the accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in Governmental Accounting and Financial Reporting Standards. The most significant accounting and reporting policies of the County are described in the following notes to the financial statements.

#### A. Reporting Entity

A financial reporting entity consists of the primary government and its component units. Component units are legally separate organizations for which the elected officials of the County are financially accountable, or the relationship to the County is such that exclusion would cause the County's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are in substance, part of the County's operations and so data from these units are combined with data of the County.

Bastrop County, Texas ("the County") was incorporated under the provisions of the State of Texas in 1836. The County operates as a County Judge/Commissioners Court type of government as provided for by state statute. The County provides the following services to its citizens: public safety (law enforcement and detention, fire and ambulance), public transportation (highways and streets), sanitation, health and welfare (indigent health care), conservation and development and general administration services.

#### B. Government-wide and Fund Financial Statements

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the County's nonfiduciary activities with most of the interfund activities removed. Governmental activities include programs supported primarily by taxes, fines and fees, grants and other intergovernmental revenues.

The Statement of Activities demonstrates how other people or entities that participate in programs the County operates have shared in the payment of the direct costs. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the County. The "operating grants and contributions" column includes amounts paid by organizations outside the County to help meet the operational or capital requirements of a given function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds and fiduciary funds even though the latter are excluded from the government-wide financial statements. The County considers some governmental funds major and reports their financial condition and results of operations in a separate column. The combined amounts for nonmajor governmental funds are reflected in a single column in the fund balance sheet and statement of revenues, expenditures, and changes in fund balances. Detailed statements for nonmajor funds are presented within combining fund statements.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured.

Property taxes, sales taxes, licenses and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The County reports fiduciary funds in the form of custodial funds which are reported using the *economic resources measurement focus* and the accrual basis of accounting. These funds account for monies held on behalf of other entities. Because the assets are held in a custodial capacity and are not available to support County programs, these funds are not included in the government-wide statements.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed. The County has the following major governmental funds:

**General Fund** – Is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund fund balance is available for any purpose, provided it is expended or transferred in accordance with the legally adopted budget of the County.

**Road and Bridge Fund** – The County uses four separate road and bridge Special Revenue Funds to account for the road and bridge activities of each precinct of the County. The resources of this fund include restricted property taxes, motor vehicle registration revenue and other. For external reporting purposes, these four funds are combined into one Road and Bridge Fund which is then reported as a major fund in the financial statements.

**American Rescue Plan Grant Fund** – This fund was established to track all revenue and expenditures relating to funding in response to the COVID-19 global pandemic.

**Certificates of Obligation 2021 Fund** – The County issued Certificates of Obligation, Series 2021 during fiscal year 2021 to pay for planned capital projects. The received funds and related capital projects are accounted for in the Certificates of Obligation 2021 Capital Projects Fund.

Additionally, the County reports the following fiduciary funds:

**Custodial Funds** – The County collects resources for others and then it is disbursed to the appropriate group or held in a custodial capacity. These resources include funds for individuals in accordance with court decrees by the County or District Clerk, other taxing entities within the County, and the State of Texas.

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

**Deposits and Investments**

The County maintains a pooled cash account. Each fund whose monies are deposited in the pooled cash account has equity therein, and interest earned on the investment of these monies is allocated based upon relative equity at the previous month end.

Investments for the County are reported at fair value, except for the position in investment pools. The County's investments in Pools are reported at the net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method. The County's investment pools have a redemption notice period of one day and may redeem daily. The investment pools' authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national state of emergency that affects the pools' liquidity.

The County has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act, Chapter 2256, Texas Government Code. In summary, the County is authorized to invest in the following:

- Obligations of the United States or its agencies and instruments;
- Obligations of State of Texas or its agencies and instrumentalities; and
- Other obligations, the principal and interest of which are unconditionally guaranteed or insured by the full faith and credit of the State of Texas or the United States or their respective agencies and instrumentalities.

**Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to" or "due from" other funds. Interfund activity reflected in "due to" or "due from" other funds is eliminated in the government-wide statements.

Property taxes are levied based on taxable value at the prior January 1 and become due on October 1 of the year in which assessed. Taxes are due and payable, without penalty or interest, from October 1 of the year in which levied until January 31 of the following year. Accordingly, receivables and revenues for property taxes are reflected in the government-wide statements based on the full accrual method of accounting. Property tax receivables for the prior year's levy are shown net of an allowance for uncollectible amounts.

The appraisal of property within the County is the responsibility of the countywide Bastrop Central Appraisal District. The Appraisal District is required under the Property Tax Code to assess all property within the Appraisal District on the basis of 100 percent of its appraised value and is prohibited from applying any assessment ratios. The value of property within the Appraisal District must be reviewed at least every five years. The County may challenge appraised values established by the Appraisal District through various appeals and, if necessary, legal action. Under this legislation, the County continues to set tax rates on County property.

However, if the effective tax rate, excluding tax rates for bonds and other contractual obligations and adjusted for new improvements, exceeds the rate for the previous year by more than 8 percent, qualified voters of the County may petition for an election to determine whether to limit the tax rate to no more than 8 percent above the tax rate of the previous year.

Due from other governments include amounts due from grantor agencies for approved grants for specific programs and reimbursements for services performed by the County. Program grants are recorded as receivables and revenues at the time all eligibility requirements established by the provider have been met. Revenues received in advance of the costs being incurred are recorded as deferred revenue in the fund statements.

Reimbursements for services performed are recorded as receivables and revenues when they are earned in the government-wide statements. Included are fines and costs assessed by court action and billable services for certain contracts. Receivables are shown net of an allowance for uncollectible.

**Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**Capital Assets**

Capital assets include land, infrastructure, buildings, machinery and equipment and construction in progress are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition cost, which is the price that would be paid to acquire an asset with equivalent service potential at the acquisition date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following useful lives:

Assets	Years
Infrastructure	40
Buildings and improvements	39
Machinery and equipment	3 - 30

**Long-term Liabilities**

In the government-wide financial statements and the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses.

**Compensated Absences**

The County allows all full-time regular employees to accrue eight (8) hours sick leave per month. All part-time regular employees to accrue four (4) hours sick leave per month. Upon retirement or termination, employees are paid for accrued sick leave based on the table below. All employees are allowed to accumulate unused vacation time. See the charts below for detailed information. Upon retirement or termination, the employee is paid for accumulated, unpaid vacation at their then current rate of pay. All vacation and sick pay benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee retirement or termination.

Up to five (5) years	Not eligible for payout
Five (5) years up to ten (10) years	Eligible for forty-five (45) hours payout
Ten (10) years up to fifteen (15) years	Eligible for ninety (90) hours payout
Fifteen (15) years up to twenty (20) years	Eligible for one-hundred thirty-five (135) hours payout
Twenty (20) years or greater	Eligible for one-hundred eighty (180) hours payout

Full-time Employee Vacation Leave Accrual Table

<u>Years of Service</u>	<u>Hours Per Month</u>	<u>Maximum Accrual</u>
0 - 3 Years	7 Hours	126 Hours
+3 - 5 Years	8 Hours	144 Hours
+5 - 8 Years	9 Hours	162 Hours
8+ Years	10 Hours	180 Hours

Part-time Employee Vacation Leave Accrual Table

<u>Years of Service</u>	<u>Hours Per Month</u>	<u>Maximum Accrual</u>
0 - 3 Years	3.5 Hours	63 Hours
+3 - 5 Years	4.0 Hours	72 Hours
+5 - 8 Years	4.5 Hours	81 Hours
8+ Years	5.0 Hours	90 Hours

**Pensions**

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expenses, information about the Fiduciary Net Position of the Texas County and District Retirement System (TCDRS) and additions to/deductions from TCDRS's Fiduciary Net Position have been determined on the same basis as they are reported by TCDRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Other Post-Employment Benefits**

*TCDRS Group Term Life Fund.* The County participates in the Texas County & District Group Term Life Fund (TCDRS GTLF), which is an optional single-employer defined benefit life insurance plan that is administered by TCDRS. It provides death benefits to active and, if elected, retired employees of participating employers. Contribution rates are determined annually for each participating entity as a percentage of that County's covered payroll. The death benefit for retirees is considered an other postemployment benefit (OPEB). The OPEB program is an unfunded trust because the GTLF trust covers both actives and retirees and is not segregated. The Total OPEB Liability of the plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the Total OPEB Liability, deferred inflows and outflows of resources, and OPEB expense. Benefit payments are recognized when due and payable in accordance with the benefit terms.

*Retiree Health Insurance.* For purposes of measuring the total OPEB liability, OPEB related deferred outflows and inflows of resources, and OPEB expense, benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Contributions are not required but are measured as payments by the County for benefits due and payable that are not reimbursed by plan assets. Information regarding the County's total OPEB liability is obtained from a report prepared by a consulting actuary.

**Fund Balance**

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.
- **Restricted:** This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

- Committed: This classification includes amounts that can be used only for the specific purposes determined by formal action of the County's highest level of decision-making authority. The Commissioners Court is the highest level of decision-making authority for the County that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.
- Assigned: This classification is intended to be used by the County for specific purposes, but do not meet the criteria to be classified as committed. Commissioners Court may assign fund balance. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned: This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

### **Deficit Fund Balance**

At September 30, 2022, the State Complex Fire and FEMA Fire Mitigation Grants and 2021 Winter Event Funds had a deficit fund balance of \$799,976 and \$1,183, respectively. These deficit fund balances are primarily the result of unavailable grant revenue that is reported as deferred inflows of resources at year-end or grants that have not been awarded at year-end. These deficit fund balances will be eliminated as resources are received from federal grants.

### **Net Position**

Net position represents the difference between assets, deferred outflows/inflows of resources and liabilities. Net position invested in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has the following items that qualify for reporting in this category:

- Deferred charge on refunding – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension and OPEB contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Difference in expected and actual pension and OPEB experience - This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

- Changes in actuarial assumptions related to the pension and OPEB plans – These changes are deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three types of items that qualify for reporting in this category.

- Unavailable revenue is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Difference in expected and actual pension and OPEB experience - This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.
- Difference in projected and actual earnings on pension assets – This difference is deferred and amortized over a closed five-year period.

### **Estimates**

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

## **II. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS**

### **A. Deposits and Investments**

#### **Legal and Contractual Provisions Governing Deposits and Investments**

The funds of the County must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank deposits for safekeeping and trust with the County's agent bank approved pledged securities in an amount sufficient to protect County funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") Insurance.

The Public Funds Investment Act (government Code Chapter 2256) contains specific provisions in the areas of investment management reports and establishment for appropriate policies. Among other things, it requires the County to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity; (2) portfolio diversification; (3) allowable investments; (4) acceptable risk levels; (5) expected rates of return; (6) maximum allowable stated maturity of portfolio investments; (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio; (8) investment staff quality and capabilities; and (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the County to invest in (1) obligations of U. S. Treasury, certain U. S. agencies, and the State of Texas; (2) certificates of deposit; (3) certain municipal securities; (4) money market savings accounts; (5) repurchase agreements; (6) bankers acceptances; (7) mutual funds; (8) investment pools; (9) guaranteed investment contracts; and (10) common trust funds. The Act also requires the County to have independent auditors perform test procedures related to investment practices as provided by the Act. The County is in substantial compliance with the requirements of the Act and with local policies.

The County's investments at September 30, 2022, were as follows:

<u>Investment Type</u>	<u>Carrying Value</u>	<u>Weighted Average Maturity (Days)</u>
TexPool	\$ 25,535,293	34
Texas Term	1,347,130	48
Texas Class	<u>1,241,009</u>	53
Total	<u>\$ 28,123,432</u>	

The State Comptroller of Public Accounts exercises oversight responsibility over TexPool, the Texas Local Government Investment Pool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The Advisory Board members review the investment policy and management fee structure. There is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. To minimize credit risk, TexPool's investment policy allows the portfolio's investment manager to only invest in obligations of the U. S. Government, its agencies; repurchase agreements; and no-load AAAM money market mutual funds registered with the SEC. TexPool is rated AAAM by Standard & Poor's. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poor's, as well as the office of the Comptroller of Public Accounts for review.

The TexasTERM Local Government Investment Pool was organized under a common investment contract on September 18, 2000. An elected Advisory Board is responsible for the overall management of the Pool, including formation and implementation of its investment and operating policies. The Pool is a non-taxable investment fund established for local governments in Texas under the provisions of the Texas Interlocal Cooperation Act. The Pool offers two investment portfolios including TexasTERM and TexasDAILY. TexasTERM portfolio and TexasDAILY portfolio are rated AAAM, respectively by Standard & Poor's and are overseen by the TexasTERM and Advisory Board.

The Texas Cooperative Liquid Assets Securities System Trust (Texas CLASS) was created as an investment pool for its participants pursuant to Section 2256.016 of the Public Funds Investment Act, Texas Government Code. The County participates in this external investment pool for state and local governments to maintain the liquidity of its funds and to maximize yield in accordance with Public Funds Investment Act (the "Act"), Section 2256.01, et seq., Texas Government Code. The Texas CLASS Trust Agreement is an agreement of indefinite term regarding the investment, reinvestment and withdrawal of local government funds. The parties to the Trust Agreement are Texas local government entities that choose to participate, Cutwater Investor Services Corp. as Program Administrator, and Wells Fargo Bank Texas, NA as Custodian. The Board of Trustees has appointed an Advisory Board composed of participants and other persons who do not have a business relationship with the Trust and are qualified to advise the Trust. The Advisory Board provides advice to the Board of Trustees and the Program Administrator about the investment policy and investment strategy of the trust and about other matters as requested by the Board of Trustees and the Program Administrator. Texas CLASS's investment credit quality rating is AAAM by Standard & Poor's.

### **Policies Governing Deposits and Investments**

In compliance with the Public Funds Investment Act, the County has adopted a deposit and investment policy. That policy addresses the following risks:

**Custodial Credit Risk: Deposits:** This is the risk that in the event of bank failure, the County's deposits may not be returned to it. The County was not exposed to custodial credit risk since its deposits at year-end and during the year ended September 30, 2022, was covered by depository insurance or by pledged collateral held by the County's agent bank in the County's name.

**Custodial Credit Risk: Investments:** This is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments are subject to custodial credit risk only if they are evidenced by securities that exist in physical or book entry form; therefore, positions in external investment pools are not subject to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.

## B. Receivables

Receivables at year-end for the government's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Road and Bridge	Other Governmental	Total
Taxes	\$ 3,378,815	\$ 553,233	\$ 394,934	\$ 4,326,982
Court fines	3,213,932	-	-	3,213,932
Housing of prisoners	108,648	-	-	108,648
Miscellaneous	418,457	93,157	57,025	568,639
	<u>7,119,852</u>	<u>646,390</u>	<u>451,959</u>	<u>8,218,201</u>
Less: allowance for uncollectibles	( 2,779,996)	( 99,500)	( 71,088)	( 2,950,584)
	<u>( 2,779,996)</u>	<u>( 99,500)</u>	<u>( 71,088)</u>	<u>( 2,950,584)</u>
Total	<u>\$ 4,339,856</u>	<u>\$ 546,890</u>	<u>\$ 380,871</u>	<u>\$ 5,267,617</u>

## C. Interfund Balances

Interfund balances as of September 30, 2022, were as follows:

Due to	Due from	Totals
Nonmajor Governmental	Nonmajor Governmental	\$ 1,618,123
Totals		<u>\$ 1,618,123</u>

These interfund balances were the result of timing differences between the dates that payments between funds were made.

## D. Capital Assets

Capital asset activity for the year ended September 30, 2022, was as follows:

	Beginning Balance	Increases	Decreases	Adjustments	Ending Balance
<b>Governmental activities:</b>					
Capital assets, not being depreciated:					
Land	\$ 6,353,292	\$ 1,073,555	\$( 228,120)	\$ -	\$ 7,198,727
Construction in progress	153,230	868,445	-	-	1,021,675

## E. Long-term Debt

Long-term debt activity for the year ended September 30, 2022, was as follows:

	Beginning Balance	Additions	Retirements	Ending Balance	Due Within One Year
Governmental activities:					
Bonds	\$ 46,261,000	\$ -	\$ 3,987,000	\$ 42,274,000	\$ 4,471,000
Premium on bonds	2,165,945	-	214,118	1,951,827	214,118
Financing arrangements	503,365	-	146,159	357,206	84,131
Compensated absences	818,888	2,284,758	2,238,166	865,480	216,370
Total long-term debt	\$ 49,749,198	\$ 2,284,758	\$ 6,585,443	\$ 45,448,513	\$ 4,985,619

The County issues bonds to provide funds for the acquisition and construction of major capital facilities and equipment. Bonds as of September 30, 2022, are as follows:

Issue Description	Original Balance	Interest Rate	Issue and Maturity Date	Outstanding Balance
Bonds:				
2012 Limited Tax Refunding	6,425,000	2.00-3.00%	2012-2023	\$ 685,000
2013 Limited Tax Refunding	9,120,000	2.00-3.00%	2013-2025	2,860,000
2014 Combination Tax and Revenue Certificates of Obligation	9,335,000	3.00-4.00%	2016-2034	6,835,000
2015 Limited Tax Refunding	4,715,000	3.00-3.50%	2016-2021	1,730,000
2017 Combination Tax and Revenue Certificates of Obligation	9,290,000	3.00%	2017-2036	7,630,000
2018 Combination Tax and Revenue Certificates of Obligation	9,305,000	3.00-5.00%	2018-2038	8,275,000
2020 Limited Tax Refunding (Private Placment)	6,468,000	1.09%	2020-2030	5,314,000
2021 Combination Tax and Revenue Certificates of Obligation	8,945,000	1.50-4.00%	2021-2041	8,945,000
Total bonds payable				\$ 42,274,000

Annual debt service requirements to maturity for bonds are as follows:

Year Ending September 30,	Principal	Interest	Total
2023	\$ 3,825,000	\$ 1,146,775	\$ 4,971,775
2024	3,245,000	1,024,250	4,269,250
2025	2,895,000	920,675	3,815,675
2026	2,310,000	827,150	3,137,150
2027	1,905,000	742,875	2,647,875
2028-2032	10,520,000	2,717,625	13,237,625
2033-3037	9,385,000	1,043,867	10,428,867
2038-2041	2,875,000	134,106	3,009,106
Total	\$ 36,960,000	\$ 8,557,323	\$ 45,517,323

### Private Placement Debt

Year Ending September 30,	Principal	Interest	Total
2023	\$ 646,000	\$ 53,652	\$ 699,652
2024	649,000	49,647	698,647
2025	654,000	45,104	699,104
2026	659,000	39,937	698,937
2027	665,000	33,874	698,874
2028-2030	2,041,000	55,503	2,096,503
Total	\$ 5,314,000	\$ 277,717	\$ 5,591,717

In September 2021, the County entered into a financing arrangement for the purchase of voting equipment in the amount of \$455,592. The arrangement has an interest rate of 3.99% and matures in October 2025. The arrangement is secured by the purchased equipment.

Future debt service payments to maturity for the financing arrangement are as follows:

Year Ending September 30,	Principal	Interest	Total
2023	\$ 84,131	\$ 14,253	\$ 98,384
2024	87,488	10,896	98,384
2025	90,979	7,405	98,384
2026	<u>94,608</u>	<u>3,776</u>	<u>98,384</u>
Total	<u>\$ 357,206</u>	<u>\$ 36,330</u>	<u>\$ 393,536</u>

**Defeased Debt**

The County defeased certain outstanding bonds by placing proceeds of new bonds in irrevocable trusts to provide for all future debt service payments. Accordingly, the respective trust accounts and liability for the defeased bonds are not included in the County’s financial statements. As of September 30, 2022, the County does not have bonds considered defeased and outstanding

If the County were to default on any of its bonds, any registered owner of the obligations is entitled to seek a writ of mandamus from a court of proper jurisdiction requiring the County to make a payment.

Compensated absences are typically funded by the General and Road and Bridge Funds.

**III. OTHER INFORMATION**

**A. Defined Benefit Pension Plan**

**Plan Description**

The County’s nontraditional defined benefit pension plan, Texas County and District Retirement System (TCDRS), provides pensions for all of its full-time employees. The TCERS Board of Trustees is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of over nontraditional defined benefit pension plans. TCERS in the aggregate issues an Annual Comprehensive Financial Report (ACFR) on a calendar year basis. The ACFR is available upon written request from the TCERS Board of Trustees at P.O. Box 2034 Austin, TX, 78768-2034.

All full and part-time non-temporary employees participate in the plan, regardless of the number of hours they work in a year. Employees in a temporary position are not eligible for membership.

**Benefits Provided**

TCERS provides retirement, disability and survivor benefits for all eligible employees. Benefit terms are established by the TCERS Act. The benefit terms may be amended as of January 1, each year, but must remain in conformity with the Act.

Members can retire at age 60 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after eight years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee’s contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer’s commitment to contribute. At retirement, death or disability, the benefit is calculated by converting the sum of the employee’s accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

**Employees covered by benefit terms**

At the December 31, 2021, valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	314
Inactive employees entitled to but not yet receiving benefits	441
Active employees	<u>529</u>
	<u>1,284</u>

**Contributions**

The contribution rates for employees in TCDRS are either 4%, 5%, 6%, or 7% of employee gross earnings, as adopted by the employer’s governing body. Participating employers are required to contribute at actuarially determined rates to ensure adequate funding for each employer’s plan. Under the state law governing TCDRS, the contribution rate for each entity is determined annually by the actuary and approved by the TCDRS Board of Trustees. The replacement life entry age actuarial cost method is used in determining the contribution rate. The actuarially determined rate is the estimated amount necessary to fund benefits in an orderly manner for each participant over his or her career so that sufficient funds are accumulated by the time benefit payments begin, with an additional amount to finance any unfunded accrued liability.

Employees for the County were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rate for the County was 10.50% and 11.97% in calendar years 2021 and 2022, respectively. The District’s contributions to TCDRS for the year ended September 30, 2022, were \$3,716,313 and equal to the required contributions.

**Net Pension Asset**

The County’s Net Pension Asset (NPA) was measured as of December 31, 2021, and the Total Pension Liability (TPL) used to calculate the Net Pension Asset was determined by an actuarial valuation as of that date.

**Actuarial Assumptions**

The Total Pension Liability in the December 31, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50% per year
Overall payroll growth	3.00% per year
Investment rate of return	7.50%, net of investment expenses, including inflation

The County has no automatic cost-of-living adjustments (“COLA”) and one is not considered to be substantively automatic. Therefore, no assumption for future cost-of-living adjustments is included in the actuarial valuation. Each year, the County may elect an ad-hoc COLA for its retirees.

Mortality rates for active members, retirees, and beneficiaries were based on the following:

Depositing members	135% of the Pub-2010 General Employees Amount-Weighted Mortality Table for males and 120% of the Pub-2010 General Employees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.
Service retirees, beneficiaries and non-depositing members	135% of the Pub-2010 General Retirees Amount-Weighted Mortality Table for males and 120% of the Pub-2010 General Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.
Disabled retirees	160% of the Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for males and 125% of the Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.

All actuarial assumptions that determined the total pension liability as of December 31, 2021 were based on the results of an actuarial experience study for the period January 1, 2013 through December 31, 2016, except where required to be different by GASB 68.

*Long-term Expected Rate of Return.* The long-term expected rate of return on pension plan investments is 7.50%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TCDRS Board of Trustees. The application of the investment return assumptions was changed for purposes of determining plan liabilities at the March 2022 meeting. All plan liabilities are now valued using an 7.6% discount rate.

The long-term expected rate of return on TCDRS is determined by adding inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions and information below are based on January 2022 information for a 10-year time horizon. The valuation assumption for long-term expected return is re-assessed at a minimum of every four years and is set based on a long-term time horizon; the most recent analysis was performed in 2022. The target allocation and best estimates of geometric real rates return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Benchmark</b>	<b>Target Allocation</b> <sup>(1)</sup>	<b>Geometric Real Rate of Return</b> <sup>(2)</sup>
US Equities	Dow Jones U.S. Total Stock Market Index	11.50%	3.80%
Global Equities	MSCI World (net) Index	2.50%	4.10%
International Equities - Developed Markets	MSCI World Ex USA (net)	5.00%	3.80%
International Equities - Emerging Markets	MSCI Emerging Markets (net) Index	6.00%	4.30%
Investment-Grade Bonds	Bloomberg Barclays U.S. Aggregate Bond Index	3.00%	-0.85%
Strategic Credit	FTSE High-Yield Cash-Pay Capped Index	9.00%	1.77%
Direct Lending	S&P/LSTA Leveraged Loan Index	16.00%	6.25%
Distressed Debt	Cambridge Associates Distressed Securities Index <sup>(3)</sup>	4.00%	4.50%
REIT Equities	67% FTSE NAREIT Equity REITs Index + 33% S&P Global REIT (net) Index	2.00%	3.10%
Master Limited Partnerships (MLPs)	Alerian MLP Index	2.00%	3.85%
Private Real Estate Partnerships	Cambridge Associates Real Estate Index <sup>(4)</sup>	6.00%	5.10%
Private Equity	Cambridge Associates Global Private Equity & Venture Capital Index <sup>(5)</sup>	25.00%	6.80%
Hedge Funds	Hedge Fund Research, Inc. (HFRI) Fund of Funds Composite Index	6.00%	1.55%
Cash Equivalents	90-Day U.S. Treasury	2.00%	-1.05%

<sup>(1)</sup> Target asset allocation adopted at the March 2022 TCDRS Board meeting.

<sup>(2)</sup> Geometric real rates of return equal the expected return for the asset class minus the assumed inflation rate of 2.6%, per Cliffwater's 2022 capital market assumptions

<sup>(3)</sup> Includes vintage years 2005-present of Quarter Pooled Horizon IRRs.

<sup>(4)</sup> Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.

<sup>(5)</sup> Includes vintage years 2006-present of Quarter Pooled Horizon IRRs.

### Discount Rate

The discount rate used to measure the Total Pension Liability was 7.60%. The discount rate was determined using an alternative method to determine the sufficiency of the fiduciary net position in all future years. The alternative method reflects the funding requirements under the funding policy and the legal requirements under the TCDRS Act. TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods. The employee is legally required to make the contribution specified in the funding policy. The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable. Based on the above assumptions, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the net pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB 68 purposes. Therefore, a discount rate of 7.60% has been used. This rate reflects the long-term assumed rate of return on assets for funding purposes of 7.50%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

### Changes in the Net Pension Liability/(Asset)

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/(Asset) (a) - (b)
Balance at December 31, 2020	\$ 120,242,169	\$ 111,137,466	\$ 9,104,703
Changes for the year:			
Service cost	4,155,509	-	4,155,509
Interest on total pension liability <sup>(1)</sup>	9,250,521	-	9,250,521
Effect of economic/demographic gains or losses	( 766,537)	-	( 766,537)
Effect of assumptions changes or inputs	( 123,015)	-	( 123,015)
Refund of contributions	( 556,319)	( 556,319)	-
Benefit payments	( 4,904,258)	( 4,904,258)	-
Administrative expenses	-	( 73,044)	73,044
Member contributions	-	2,014,318	( 2,014,318)
Net investment income	-	24,362,018	( 24,362,018)
Employer contributions	-	3,015,434	( 3,015,434)
Other <sup>(3)</sup>	-	19,275	( 19,275)
Balance at December 31, 2021	\$ <u>127,298,070</u>	\$ <u>135,014,890</u>	\$ <u>( 7,716,820)</u>

<sup>(1)</sup> Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.

<sup>(2)</sup> No plan changes valued

<sup>(3)</sup> Relates to allocation of system-wide items.

**Sensitivity Analysis**

The following presents the net pension liability/(asset) of the County, calculated using the discount rate of 7.6%, as well as what the County’s net pension liability/(asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.6%) or 1-percentage-point higher (8.6%) than the current rate:

	1% Decrease 6.6%	Current Discount Rate 7.6%	1% Increase 8.6%
Total pension liability	\$ 145,312,266	\$ 127,298,069	\$ 112,391,491
Fiduciary net position	<u>135,014,889</u>	<u>135,014,889</u>	<u>135,014,889</u>
Net pension liability/(asset)	<u>\$ 10,297,377</u>	<u>\$( 7,716,820)</u>	<u>\$( 22,623,398)</u>

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan’s Fiduciary Net Position is available in a separately-issued TCDRS financial report. The report may be obtained on the Internet at [www.tcdrs.org](http://www.tcdrs.org).

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended September 30, 2022, the County recognized pension expense of \$355,271. At year-end, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 171,340	\$ 598,285
Changes in actuarial assumptions	3,614,575	92,261
Difference between projected and actual investment earnings	-	15,219,618
Contributions subsequent to the measurement date	<u>2,857,516</u>	<u>-</u>
Total	<u>\$ 6,643,431</u>	<u>\$ 15,910,164</u>

\$2,857,516 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date, but before September 30, 2022, will be recognized as a reduction of the net pension liability for the year ending September 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expenses as follows:

For the Year Ended September 30,	
2023	\$( 1,668,630)
2024	( 3,411,306)
2025	( 3,857,583)
2026	( 3,186,730)

**B. Defined Other Post-Employment Benefit Plan – TCDRS Group Term Life Fund**

**Plan Description.** The County voluntarily participates in the Texas County & District Group Term Life Fund (TCDRS GTLF). The GTLF is a single employer defined Other Post-Employment Benefit (OPEB) plan as defined by GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. It is established and administered in accordance with the TCDRS Act.

**Benefits Provided.** The GTLF provides group-term life insurance to County employees who are active members in TCDRS, including or not including retirees. The County’s Board of Managers opted into this program via a resolution, and may terminate coverage under, and discontinue participation in, the GTLF by adopting a resolution.

Payments from this fund are similar to group-term life insurance benefits and are paid to the designated beneficiaries upon the receipt of an approved application for payment. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's most recent regular annualized salary. The death benefit for retirees is considered an other employment benefit and is a fixed amount of \$5,000.

**Employees covered by benefit terms.** The number of employees currently covered by the benefit terms is as follows:

Inactive employees receiving benefits	277
Inactive employees entitled to but not yet receiving benefits	155
Active employees	<u>529</u>
	<u><u>961</u></u>

**Contributions.** The County contributes to the GTLF at a contractually required rate as determined by an annual actuarial valuation, which was 0.17% for 2021 and 0.18% for 2022, of which 0.11% and 0.11%, respectively, represented the retiree-only portion for each year, as a percentage of annual covered payroll. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the GTLF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to prefund retiree term life insurance during employees' entire careers. The County's contributions to the GTLF for the year ended September 30, 2022 was \$92,117, representing contributions for both active and retiree coverage, which equaled the required contributions for the year.

**Total OPEB Liability.** The County's Total OPEB Liability (TOL) was measured as of December 31, 2021 as determined by an actuarial valuation as of that date.

**Actuarial Assumptions.** The Total OPEB Liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions:

Investment rate of return (discount rate)	2.06%
Actuarial cost method	Entry Age Level Percent of Salary

Mortality rates for active members, retirees, and beneficiaries were based on the following:

Depositing members	135% of the Pub-2010 General Employees Amount-Weighted Mortality Table for males and 120% of the Pub-2010 General Employees Amount-Weighted Mortality Table for females, projected with 100% of the MP-2021 Ultimate scale after 2010.
Service retirees, beneficiaries and non-depositing members	135% of the Pub-2010 General Healthy Retirees Amount-Weighted Mortality Table for males and 120% of the Pub-2010 General Healthy Retirees Amount-Weighted Mortality Table for females, projected with 100% of the MP-2021 Ultimate scale after 2010.
Disabled retirees	160% of the Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for males and 125% of the Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for females, projected with 100% of the MP-2021 Ultimate scale after 2010.

All actuarial assumptions and methods that determined the Total OPEB Liability as of December 31, 2021 were based on the results of an actuarial experience study for the period January 1, 2017 – December 31, 2020, except where required to be different by GASB 75. The assumptions are reviewed annually for continued compliance with the relevant actuarial standards of practice.

**Discount Rate.** The TCDRS GTLF program is treated as an unfunded OPEB plan because the GTLF trust covers both actives and retirees and the assets are not segregated for these groups. Under GASB 75 (paragraph 155), the discount rate for an unfunded OPEB plan should be based on 20-year tax-exempt AA or higher Municipal Bonds. Therefore, a discount rate of 2.06% based on the 20 Year Bond GO Index published by bondbuyer.com is used as of the measurement date of December 31, 2021.

**Discount Rate Sensitivity Analysis.** The following schedule shows the impact of the total OPEB Liability of the employer, calculated using the discount rate of 2.06%, as well as what the Bastrop County Total OPEB Liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.06%) or 1 percentage point higher (3.06%) than the current rate.

	1% Decrease in Discount Rate (1.06%)	Current Discount Rate (2.06%)	1% Increase in Discount Rate (3.06%)
Total OPEB Liability	\$ 2,110,188	\$ 1,707,624	\$ 1,405,336

**OPEB Liability, OPEB Expense, and Deferred Outflows and Inflows of Resources Related to OPEBs.** At September 30, 2022, the County reported a liability of \$1,707,624 for its Total OPEB Liability, and is typically funded with the General and Road and Bridge Funds. The total OPEB liability was determined by an actuarial valuation as of December 31, 2021. For the year ended September 30, 2022, the County recognized OPEB expense of \$171,025. There were no changes of benefit terms that affected measurement of the Total OPEB Liability during the measurement period.

**Changes in the Total OPEB Liability**

	Changes in Total OPEB Liability
Balance at December 31, 2020	\$ 1,592,460
Changes for the year:	
Service cost	55,706
Interest on total OPEB liability <sup>(1)</sup>	34,607
Effect of economic/demographic experience	25,481
Effect of assumptions changes or inputs <sup>(2)</sup>	31,024
Benefit payments	( 31,654)
Balance at December 31, 2021	<u>\$ 1,707,624</u>

<sup>(1)</sup> Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.

<sup>(2)</sup> Reflects change in discount rate.

At September 30, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 27,780	\$ 1,660
Change of assumptions	312,959	41,698
Contributions subsequent to the measurement date	<u>26,254</u>	<u>-</u>
Totals	<u>\$ 366,993</u>	<u>\$ 43,358</u>

\$26,254 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the Total OPEB Liability for the year ending September 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

For the Year Ended September 30,	
2023	\$ 80,712
2024	80,712
2025	93,516
2026	42,441

**C. Other Post Employment Benefits – Retiree Health Insurance Plan**

**Plan Description.** The County sponsors a Retiree Health Insurance Benefits Plan (the “Plan”). The Plan provides these other post-employment benefits (“OPEB”) for eligible employees through a single-employer defined benefit plan, under the County’s policy. This plan is administered by the County and it has the authority to establish and amend the benefit terms and financing arrangements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

**Benefits and Eligibility.** Employees who meet the following criteria will qualify for health insurance benefits on County-sponsored plans, as described below. The County will pay premiums for the retiree only; any dependent premiums shall be paid by the retiree. Qualifying retirees (and dependents, if applicable) will be required to switch to the County-sponsored post-Medicare health insurance plan when they reach Medicare eligibility; in addition, they may be required to enroll in specific Medicare plans (such as Parts A and B) in order to participate.

In order to be eligible for health insurance benefits, an employee must:

- Be eligible for retirement under TCDRS (see Note G – Employee Retirement System);
- Have served at least 8 continuous years as a regular, non-temporary employee of Bastrop County;
- Elect to participate in the insurance benefit within 30 days of retirement; and
- Begin drawing their TCDRS retirement annuity immediately after retiring from Bastrop County.

Retiree health insurance benefits are based on a retiree’s hire date, retirement date, and/or years of service at Bastrop County, as follows:

- Retirees who were already retired as of August 8, 2010, or employees who were retirement eligible and retire on or before September 30, 2011, shall have group health and dental benefits paid 100% by Bastrop County.
- The benefit schedule shown in “Plan A” below applies to Bastrop County employees who:
  1. Were actively employed in a regular, non-temporary position as of September 30, 2010; and
  2. Did not retire on or before September 30, 2011.

<b>Plan A</b>		
Years of Service* at Retirement	% of Premium Paid by County	
	Pre-Medicare	Post-Medicare
less than 8	0%	0%
8 to < 12	50%	50%
12 to < 16	60%	60%
16 to < 20	70%	70%
20 to < 24	80%	80%
over 24	100%	100%

\* Years of Service at Bastrop County – employees must have a minimum of 8 continuous years to qualify for retiree health benefits.

**Plan B**

Years of Service* at Retirement	% of Premium Paid by County	
	Pre-Medicare	Post-Medicare
less than 8	0%	0%
8 to < 12	0%	0%
12 to < 16	0%	0%
16 to < 20	50%	0%
20 to < 24	75%	0%
over 24	100%	0%

\* Years of Service at Bastrop County – employees must have a minimum of 8 continuous years to qualify for retiree health benefits.

At the time of retirement, any optional insurance offered to retirees (such as Dental and Life) may be selected. Premiums will be paid by the retiree. Optional insurance is only offered at the time of retirement.

Retiree’s dependents may be enrolled in the County-sponsored Health Insurance Plan, subject to the following provisions and policies:

- The spouse/dependent must have been enrolled in a County health insurance plan since the retiree’s effective date of retirement, at a minimum;
- Medicare eligibility must be age-based in order to enroll in the Medicare Supplement Plan – being eligible for Medicare under other provisions, such as disability, does not qualify per TAC policy, and;
- All dependent coverage premiums are paid by the retiree.

Retirees and their dependent(s), if applicable, may remain on the Group Health Plan (GHP) until they are Medicare-eligible, at which time they will be transferred to the Medicare Supplement Plan (MSP). If a retiree’s covered dependents(s) is/(are) not Medicare-eligible as of the date the retiree becomes Medicare-eligible, such dependent(s) will be allowed to remain on the GHP until he/she becomes Medicare-eligible.

A retiree’s spouse may enroll in the MSP (as long as the retiree is covered on a County health plan), when the spouse becomes Medicare-eligible (age based). Premiums for health coverage are based on age, and prescription drug coverage is based on the federal amount charged for Medicare Part-D. Existing coverage for a retiree’s spouse may be continued, at his/her expense, when the retiree dies.

The Commissioners Court, as the governing body of the County, approves Other Postemployment Benefits (“OPEB”) on a year-to-year basis during the annual budget process and has not created a constitutionally valid obligation for OPEB beyond fiscal year 2022. While retirees have statutory authority to purchase continuing health care on the County employee health care plan, the County is under no legal obligation to pay or otherwise subsidize retiree premiums. To be eligible for this benefit in years where the benefit is provided one must be a County retiree.

Retirees are responsible for payment of premiums for any dependent coverage, and the County pays the retirees premiums. The County’s contributions to the OPEB for the year ended September 30, 2022, were \$503,260, which equal benefit payments for retirees.

The number of employees currently covered by the benefit terms is as follows:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	106
Active Plan Members	<u>503</u>
Total	<u><u>609</u></u>

*Actuarial Methods and Assumptions*

Significant methods and assumptions were as follows:

Actuarial Valuation Date	December 31, 2020
Measurement Date	December 31, 2021
Actuarial Cost Method	Individual Entry-Age Normal
Discount Rate	1.84% as of December 31,2021
Inflation Rate	2.50%
Salary Increases	0.40% to 5.25%, not including wage inflation of 3.00%
Demographic Assumptions	Based on the experience study covering the four year period ending December 31, 2020 as conducted for the Texas County and District Retirement System (TCDRS).
Mortality	For healthy retirees, the Pub-2010 General Retirees Tables for males and females are used with male rates multiplied by 135% and female rates multiplied by 120%. Those rates are projected on a fully generational basis based on 100% of the MP-2021 Ultimate scale.
Health care cost trend rates	Pre-65: Initial rate of 7.00% declining to an ultimate rate of 4.25% after 13 years; Post 65: Initial rate of 6.50% declining to an ultimate rate of 4.25% after 13 years.
Participation rates	For employees hired before 10/1/2010, rates vary between 70% and 95% based on years of service. For employees hired on or after 10/1/2010, rates vary between 25% and 95% based on years of service. 75% of retirees are assumed to elect life insurance benefits, and 10% are assumed to elect two-person coverage.
Other information	The discount rate changed from 2.00% as of December 31, 2020 to 1.84% as of December 31, 2021. Additionally, the demographic and salary increase assumptions were updated to reflect the 2021 TCERS Experience Study.

Projections of health benefits are based on the plan as understood by the County and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and its employees to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

A Single Discount Rate of 1.84% was used to measure the total OPEB liability. This Single Discount Rate was based on the municipal bond rates as of the measurement date. The source of the municipal bond rate was Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2020.

*Changes in the Total OPEB Liability*

The County's total OPEB liability of \$34,996,929 was measured as of December 31, 2021 and was determined by an actuarial valuation as of December 31, 2020. This liability is typically funded by the General and Road and Bridge Funds.

	Total OPEB Liability
Balance at 12/31/2020	\$ 32,924,913
Changes for the year:	
Service cost	1,735,600
Interest on the total OPEB liability	670,822
Difference between expected and actual experience	( 17,815)
Changes in assumptions and other inputs	186,669
Benefit payments	( 503,260)
Net changes	<u>2,072,016</u>
Balance at 12/31/2021	<u>\$ 34,996,929</u>

Changes of assumptions reflect a change in the discount rate from 2.00% as of December 31, 2020 to 1.84% as of December 31, 2021 and revised TCDRS demographic and salary increase assumptions.

*Discount Rate Sensitivity Analysis*

The following presents the plan's total OPEB liability, calculated using a discount rate of 1.84%, as well as what the plan's total OPEB liability would be if it were calculated using a discount rate that is one percent lower or one percent higher.

	<u>1% Decrease in Discount Rate (0.84%)</u>	<u>Current Discount Rate Assumption (1.84%)</u>	<u>1% Increase in Discount Rate (2.84%)</u>
County's total OPEB liability	\$ 41,750,430	\$ 34,996,929	\$ 29,617,316

*Healthcare Cost Trend Rate Sensitivity Analysis*

The following presents the plan's total OPEB liability, calculated using the assumed trend rates as well as what the plan's total OPEB liability would be if it were calculated using a trend rate that is one percent lower or one percent higher.

	<u>1% Decrease</u>	<u>Current Healthcare Cost Trend Rate Assumption</u>	<u>1% Increase</u>
County's total OPEB liability	\$ 28,617,368	\$ 34,996,929	\$ 43,358,438

*OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB*

For the year ended September 30, 2022, the County recognized OPEB expense of \$2,600,074. At September 30, 2022, the County reported deferred outflows and inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 6,333,330
Changes in actuarial assumptions	7,020,057	-
Contributions subsequent to the measurement date	442,853	-
Total	<u>\$ 7,462,910</u>	<u>\$ 6,333,330</u>

\$442,853 reported as deferred outflows and inflows of resources related to OPEB resulting from contributions subsequent to the measurement date are due to benefit payments the County paid with own assets and will be recognized as a reduction of the total OPEB liability for the year ending September 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>For the Year Ended September 30,</u>	
2023	\$ 193,652
2024	193,652
2025	193,652
2026	( 55,166)
2027	249,365
Thereafter	( 88,427)

**D. OPEB Amounts in Aggregate**

In the current year, the County's aggregate expense, deferred outflows of resources and deferred inflows of resources for its TCDRS Group Term Life and Retiree Health Insurance Plan OPEB plans were \$2,789,928, \$7,829,903 and \$6,376,688, respectively.

## **E. Contingencies**

The County has contingent liabilities with respect to pending claims and litigation that, in the opinion of the County, are not material and the possibility of an unfavorable outcome is remote. The ultimate effect, if any, that such litigation may have on the future financial position of the County, is not presently determinable.

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under the terms of the grant. A contingent liability was not established because potential reimbursements are considered immaterial.

### **Bastrop County Disasters**

Since September of 2011 Bastrop County has experienced seven federally declared disasters and one state declared disaster. There have been two wildfires, one being the worst in Texas history. The County has also experienced five floods during this time and a global pandemic. The financial impact on the County is managed by Bastrop County's management team.

## **F. Commitments**

### **Encumbrances**

Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse on September 30 and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year's budget. The County had no outstanding end-of-year encumbrances.

## **G. Tax Abatement**

The County enters into economic development agreements designed to promote development and redevelopment within the County, stimulate commercial activity, enhance the property tax base and economic vitality of the County. This program reduces the assessed property values as authorized under Chapter 381 of the Texas Local Government Code.

The County has entered into various agreements that reduce property taxes. Agreements for a reduction of taxable values varies from one agreement to another. Each developer requires a monetary commitment and a minimum employment requirement. For fiscal year 2022, the County did not abate taxes.

## **H. Risk Management**

The County is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; and omissions; and natural disasters for which it carries commercial insurance. The County uses various commercial carriers to insure against these risks. Settled claims did not exceed the coverage for any of the past three fiscal years.

## **I. New Accounting Principles**

Significant new accounting standard not yet implemented by the County includes the following:

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* – The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. GASB 94 will become effective for reporting periods beginning after June 15, 2022, and the impact has not yet been determined.

Statement No. 96, *Subscription-Based Information Technology Arrangements* - This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. This Statement will become effective for reporting periods beginning after June 15, 2022, and the impact has not yet been determined.

GASB Statement No. 100, *Accounting Changes and Error Corrections*—an amendment of GASB Statement No. 62 - The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2023, and the impact has not yet been determined.

GASB Statement No. 101, *Compensated Absences* - The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

## **BASTROP COUNTY, TEXAS**

### NOTES TO BUDGETARY INFORMATION

SEPTEMBER 30, 2022

#### **BUDGETARY INFORMATION**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- The County Judge, as budget officer, with the assistance of the County Auditor, prepares a budget to cover all proposed expenditures for the succeeding year and delivers the proposed budget, including the general revenue sharing budget, to Commissioners Court, which makes any necessary modifications.
- The Commissioners Court holds budget sessions with each department head.
- The Commissioners Court holds budget hearings for the public.
- The Commissioners Court formally adopts the budget in an open court meeting.
- The adopted budget becomes the authorization for all legal expenditures for the County for the fiscal year. Appropriations lapse at the end of the fiscal year.

The formally adopted budget may be legally amended by commissioners in accordance with Article 689A-11 or 689A-20 of Vernon's Annotate Civil Statutes.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds except the Complex Fire Public Assistance Grants, COVID-19, GLO Complex Fire Grants, State Complex Fire and FEMA Fire Mitigation Grants, Memorial Day Flood of 2015, Hurricane Harvey Flood 2017, Halloween Day Flood 2015, Tax Day Flood 2016, American Rescue Plan Grant, Memorial Day Flood 2016, Hidden Pines FMAG, 2021 Winter Event, Certificates of Obligation 2017, Certificates of Obligation 2018, and Certificates of Obligation 2021.

An appropriations resolution (the appropriated budget) to control the level of expenditures must be legally enacted on or about September 1. The County maintains its legal level of budgetary control at the function level. Amendments to the 2021 budget were approved by the Commissioners Court as provided by law.

Unencumbered appropriations lapse at year-end and revert to the respective funds from which were originally appropriated, thus becoming available for future appropriation.

**BASTROP COUNTY, TEXAS**

SCHEDULE OF CHANGES IN NET PENSION LIABILITY  
AND RELATED RATIOS

FOR THE YEAR ENDED SEPTEMBER 30, 2022

<b>Measurement Date December 31,</b>	<u><b>2021</b></u>	<u><b>2020</b></u>	<u><b>2019</b></u>

2022	3,716,313	3,716,313	-	32,051,331	11.6%

(1) Payroll is calculated based on contributions as reported to TCDRS.

Note: This schedule is required to include 10 years of information, but information prior to 2014 is not available.

**BASTROP COUNTY, TEXAS**

NOTES TO SCHEDULE OF EMPLOYER PENSION CONTRIBUTIONS

FOR THE YEAR ENDED SEPTEMBER 30, 2022

<b>Valuation Timing</b>	Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
<b>Actuarial Cost Method</b>	Entry Age (level percentage of pay)
<b>Amortization Method</b>	Level percentage of payroll, closed
<b>Remaining Amortization Period</b>	18.9 years (based on contribution rate calculated in 12/31/2021 valuation)
<b>Asset Valuation Method</b>	5-year smoothed market
<b>Inflation</b>	2.50%
<b>Salary Increases</b>	Varies by age and service. 4.7% average over career including inflation.
<b>Investment Rate of Return</b>	7.50%, net of administrative and investment expenses, including inflation
<b>Retirement Age</b>	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
<b>Mortality</b>	135% of the Pub-2010 General Retirees Table for males and 120% of the Pub-2010 General Retirees Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.
<b>Changes in Assumptions and Methods Reflected in the Schedule*</b>	2015: New inflation, mortality and other assumptions were reflected 2017: New mortality assumptions were reflected. 2019: New inflation, mortality and other assumptions were reflected.
<b>Changes in Plan Provisions Reflected in the Schedule*</b>	2015: No changes in plan provisions were reflected in the schedule 2016: No changes in plan provisions were reflected in the schedule 2017: New Annuity Purchase Rates were reflected for benefits earned after 2017. 2018: No changes in plan provisions were reflected in the schedule 2019: No changes in plan provisions were reflected in the schedule 2020: No changes in plan provisions were reflected in the schedule 2021: No changes in plan provisions were reflected in the schedule

\*Only changes that affect the benefit amount and that are effective 2015 and later are shown in the Notes to Schedule.

## NONMAJOR GOVERNMENTAL FUNDS

### SPECIAL REVENUE FUNDS

**Special Revenue Funds** are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

**Complex Fire Public Assistance Grants Fund** – This fund was established to track all revenue and expenditures relating to the debris removal and associated costs recovery due to the Bastrop Complex Wildfires. The resources of this fund are from a federal disaster grant-public assistance.

**Memorial Day Flood 2015 Fund** (DR 4223 - 260) – This fund was created to track the revenues and expenditures for the 2015 Memorial Day Flood, Eligible for Public Assistance caused by flooding May 4, 2015 through June 19, 2015. FEMA Funded 75/25

**Hurricane Harvey 2017 Fund** (DR 4332 - 261) – This fund was created to track the revenues and expenditures for the Hurricane Harvey flood, Eligible for Public Assistance caused by flooding in August 2017. FEMA Funded 75/25

**Halloween Day Flood 2015 Fund** (DR 4245 - 262) – This fund was created to track the revenues and expenditures for the 2015 Halloween Day Flood, Eligible for Public Assistance caused by flooding from October 22, 2015 through October 31, 2015. FEMA Funded 75/25

**Tax Day Flood 2016 Fund** (DR 4269 - 263) – This fund was created to track the revenues and expenditures for the 2015 Tax Day Flood, Eligible for Public Assistance for damages caused by flooding from April 17, 2016 through April 24, 2016. FEMA Funded 75/25

**State Complex Fire and FEMA Fire Mitigation Grants** – This fund was established to track all revenue and expenditures relating to recovery efforts, mitigation, restoration, and reforestation of the County as a result of the Bastrop County Complex Fires. The resources in this fund are State funds appropriated for disaster relief.

**COVID-19** – This fund was established to track all revenue and expenditures relating to funding in response to the COVID-19 global pandemic.

**Memorial Day Flood 2016 Fund** (DR 4272 - 264) – This fund was created to track the revenues and expenditures for the 2016 Memorial Day Flood. Eligible for Public Assistance for damages caused by flooding from May 26, 2016 through May 24, 2016. FEMA Funded 75/25.

**Hidden Pines FMAG Fund** (FM-5116 - 270) – This fund was created on October 14, 2015 for Hidden Pines Fire from October 13, 2015 through October 24, 2015. Fire did not qualify for Public Assistance.

**Hotel Occupancy Tax Fund**– This fund is used to account for revenues and expenditures relating to tourism marketing for Bastrop County. Revenue is derived from a tax collected from hotels, motels, and other short-term rental properties. These funds are restricted for this purpose only.

**Mediation Services Fund** – This fund is used to account for revenues and expenditures relating to the establishment of Dispute Resolution Services. Revenue is derived from a charge that is assessed on civil cases filed in County and District Court.

**District Attorney Hot Check Fund** – This fund is used to account for revenues and expenditures relating to the fee collected for hot checks pursuant to Texas Code of Criminal Procedures Article 102.007. The expenditure of these funds is at the sole discretion of the District Attorney.

**District Attorney Special Fund** – This fund is used to account for the State Prosecutor Apportionment allocation funds paid through the District Courts.

**GLO Complex Fire Grants Fund** – This fund was established to track revenues and expenditures relating to recovery efforts, mitigation, restoration, and reforestation of the County as a result of the Bastrop County Complex Fires. These funds are restricted for this purpose only. The resources in this fund are federal funds appropriated for wildfire recovery.

**2021 Winter Event Fund** – This fund was established to track revenues and expenditures relating to the response to the Winter Event in 2021.

**Houston Toad Fund** – This fund is used to account for revenues and expenditures that are restricted to the preservation of the Houston Toad.

**Law Library Fund** - This fund is used to account for revenues and expenditures relating to the establishment and maintenance of a law library. Revenue is derived from a charge that is assessed on civil cases filed in County and District Court.

**District Attorney Law Enforcement Fund** – This fund is used to account for money and property forfeited to the District Attorney’s office under Chapter 59 of the *Texas Code of Criminal Procedure*.

**Elections Administration Fund** – This fund is used to account for surplus from election service contracts. The expenditure of these funds is governed by the Texas Election Code 31.003.

**Inmate Commissary Fund** – This fund is used to account for jail commissary activity. These funds are to be expended for the benefit of the inmates.

**Sheriff’s Forfeiture Fund** – This fund accounts for revenues and expenditures for state and federal forfeiture funds. These funds are governed by state and federal forfeiture laws.

The **Debt Service Fund** – This fund is used to account for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

### **CAPITAL PROJECTS FUNDS**

The **Certificates of Obligation 2018** – The County issued Certificates of Obligation, Series 2018 during fiscal year 2018 to pay for planned capital projects. The received funds and related capital projects are accounted for in the Certificates of Obligation 2018 Capital Projects Fund.

## **CUSTODIAL FUNDS**

**Custodial Funds** are used to account for assets held by the County in a custodial capacity for individual, private organizations and other governments. The following are the County's Fiduciary Funds:

**County Clerk Fund** – This fund is used to account for monies held on behalf of individuals in accordance with court ordered decrees by the County Court.

**District Clerk Fund** – This fund is used to account for monies held on behalf of individuals in accordance with court ordered decrees by the District Court.

**Tax Assessor and Collector Fund** – This fund is used to record tax collections which are deposited intact pending audit and distribution to the state and other taxing authorities.

**Sheriff Fund** – This fund is used to account for monies held on behalf of individuals collected by the Sheriff's Office.

**District Attorney Fund** – This fund is used to account for monies held on behalf of individuals collected by the District Attorney's Office.

**Criminal Justice Planning Fund** – This fund is used for state fees collected through civil and criminal cases.

**Bootcamp Fund** – This fund is used for fees collected and disbursed for the the Juvenile Boot Camp.

**Adult Probation Fund** – This fund is used to account for monies held on behalf of individuals collected by the Adult Probation Office.

Note:

Overlapping rates are those of other governments that apply to property owners within Bastrop County. Not all overlapping rates apply to all County property owners. For example, although the total Direct Rate for Bastrop County applies to all County property owners, a specific City's tax rate applies only to those taxpayers whose property is located within the City's geographic boundaries.

Percentages calculated using taxable value summaries on Texas Comptroller Website  
Bastrop Central Appraisal District

Note: The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the taxing entity's taxable value that is within the County's boundaries and dividing it by the taxing entity's total taxable assessed value.
